# HOW TO MAKE

## an Octopus

### instructions

1. Take a rectangle piece of felt (any size you want) and fold in half to find roughly where the middle point is. See diagram 1
2. Place 1 or more pom poms in the middle to make the head (see diagram 2), The size of the felt will dictate how many pom poms you will need.
3. Carefully gather up all of the surrounding felt around the pom poms.
4. Secure tightly with an elastic band (see diagram 3).
5. Pull the felt slightly until it looks even around the head shape.
6. Now snip the felt either side of the head to make 4 arms each side (see diagram 4).
7. Lastly add details like wiggly eyes, sequins on the underside of the arms for suckers and a ribbon bow.

DIAGRAM 1  
Fold the felt in half  
to find the middle

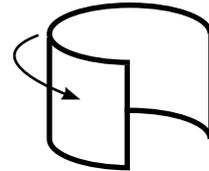

DIAGRAM 2  
Place pom pom in the  
middle of the felt

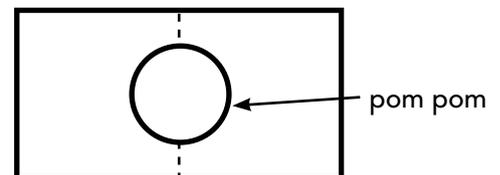

DIAGRAM 3  
Gather up the felt an  
secure tightly with an  
elastic band

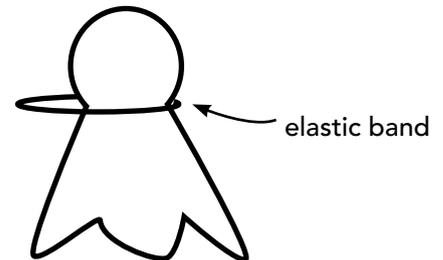

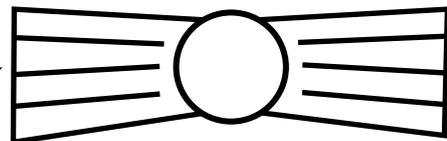

DIAGRAM 4  
Cut 4 arms either side  
of the head

# HOW TO MAKE

## a Mermaid

### instructions

1. Print out your mermaid onto pink card.
2. Cut out your mermaid along the outer edge.
3. You can decorate your mermaid any way you choose but we use colouring pens for the hair and lips, sequins and sequin ribbons for the tail and bikini. In the sequin pack you'll find shells sequins which are ideal
4. Attach a piece of ribbon with sticky tape to the back of the head and hang your mermaid up to spin and sparkle.

# HOW TO MAKE

## a shark finger puppet (contains 2 sheets) - sheet 1

### instructions

1. Print both template sheets onto card, the outer onto blue and the inner onto white.
2. Cut out all of the shapes.
3. Colour the inner to make the inside of the mouth and tongue using colouring pens or pencils.
4. Glue the inner shark to the outer shark lining up the bottom edges. (See diagram 1).
5. Next fold back along the dotted lines of the inner shark (this forms the mouth). Then fold the shark in half as shown in diagram 2.
6. Open up the shark and place mouth-side down. Glue along the edge of the finger supports and place onto the shark leaving a loop for your fingers (see diagram 3).
7. Taking the dorsal fin, fold along the dotted line in opposite directions to make a 'T' shape. Glue the 2 tabs and stick the fin onto the top finger support (see diagram 4).
8. Lastly stick on wiggly eyes and your shark is done.

DIAGRAM 1

Stick the inner shark on top of the outer shark as shown

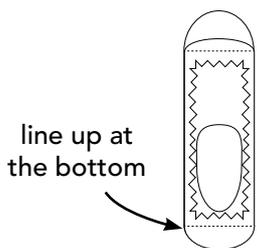

DIAGRAM 3

Attach the finger supports

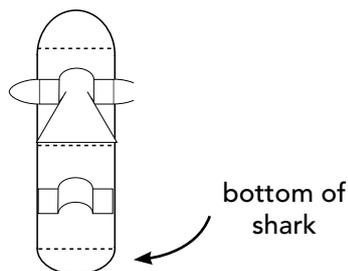

DIAGRAM 2

Fold shark as shown

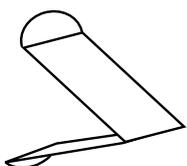

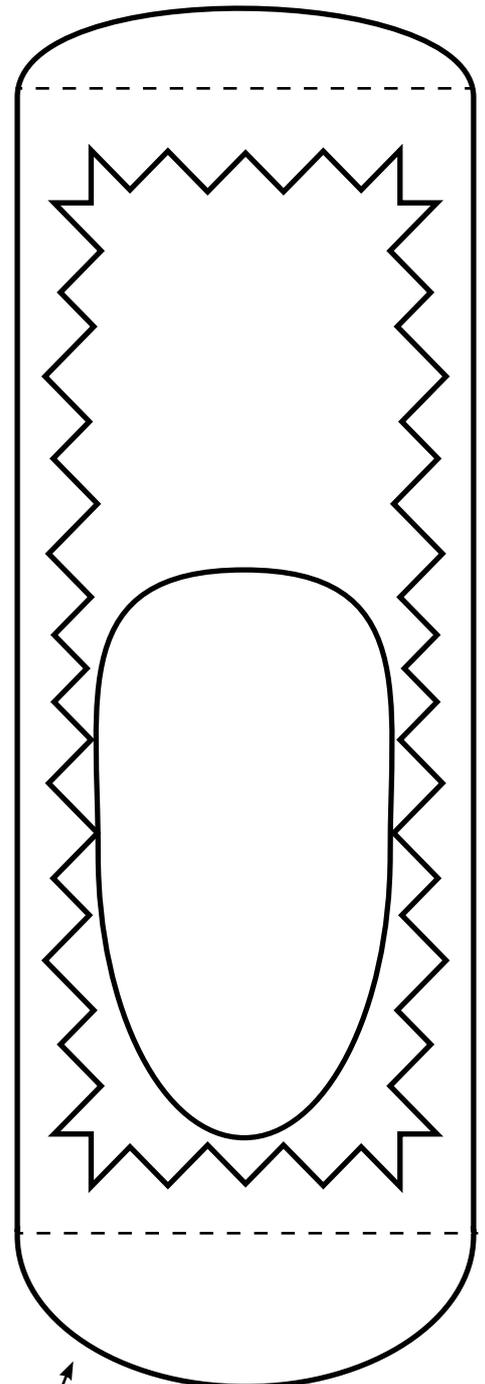

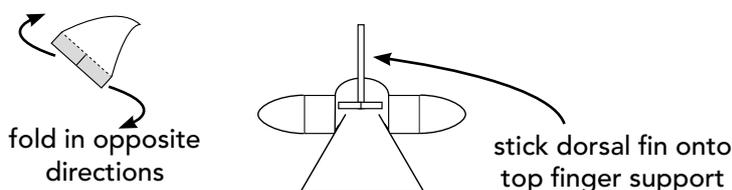

DIAGRAM 4

Fold the dorsal fin in opposite directions to make a 'T' shape. Glue tabs and stick to top finger support.

inner shark

Colour inside the mouth and tongue
