

# SAFETY DATA SHEET

## Microwaveable OASIS BED BATH WIPES and MITS

### 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1 Product identifier

**Trade names:** Oasis™ Bed Bath wipes and mits (Un-perfumed)  
**Product Codes:** wipes RSC902N, RSC910N, RSC913N, RSC973N; mits RSC605 and RSC605a

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Identified use:** Product available as non-woven wipes and mits contained in flow-wrap presentation, for whole body skin cleansing.

#### 1.3 Supplier's details

**Company:** Synergy Health (UK) Ltd  
**Address/Phone No.:** 1 Western Avenue  
 Matrix Park  
 Chorley  
 Lancashire  
 PR7 7NB  
 UK  
 +44 (0) 1772 299900

**Fax:** +44 (0) 1772 299901

#### 1.4 Emergency telephone number

+44 (0) 1772 299900

### 2. HAZARDS IDENTIFICATION

#### 2.1 Classification of the substance or mixture

- 2.1 Classification of the substance or mixture.**  
 This is a water based liquid that has no classification according to Regulation (EC) No. 1272/2008 (CLP)
- 2.2 Label elements** No significant hazard
- 2.3 Other hazards** none

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.2 Mixtures

| Declarable components | Conc. (wt%) | EC No. | CAS No. | EC Classification (1272/2008) | EC Classification (67/548/EEC) |
|-----------------------|-------------|--------|---------|-------------------------------|--------------------------------|
| n/a                   | n/a         | n/a    | n/a     | n/a                           | n/a                            |

An aqueous solution of a proprietary blend of aqua, polypropylene glycol, benzyl alcohol, capryl / capramidopropyl betaine, Polysorbate 20, PEG 12 dimethicone, dehydroacetic acid, benzoic acid, sorbic acid, tetra sodium glutamate diacetate, buffered with Sodium Citrate and impregnated onto a spun-laced polyester viscose fabric.

## 4. FIRST AID MEASURES

### 4.1 Description of first aid measures

- Skin:** Should the Oasis Bed Bath Wipes or mits be heated for longer than the stated time, steam released from either opening the product or the product outer bag bursting may cause burning of unprotected skin. If this situation should arise, allow to cool before handling.
- Eye:** If the impregnating liquid comes into direct contact with the eyes rinse immediately with plenty of clean water. If irritation develops seek medical advice.
- Ingestion:** If swallowed, do not induce vomiting, unless instructed by medical personnel.

### 4.2 Most important symptoms and effects, both acute and delayed

- Eye contact:** May cause mild irritation.
- Skin contact:** Not expected to present an irritation hazard under normal conditions of use.
- Inhalation:** Not anticipated to be applicable at normal usage temperature.
- Ingestion:** Not expected to present an ingestion hazard under normal conditions of use.

### 4.3 Indication of any immediate medical attention and special treatment needed

Treat symptoms as they occur.

## 5. FIRE-FIGHTING MEASURES

### 5.1 Extinguishing media

Suitable extinguishing media are water spray, foam, carbon dioxide and dry powder.

### 5.2 Special hazards arising from the substance or mixture

In the event of a large fire toxic fumes containing oxides of carbon may be formed, which would necessitate the use of a self-contained breathing apparatus.

### 5.3 Advice for fire-fighters

Fire fighters should wear standard, approved protective clothing.

## 6. ACCIDENTAL RELEASE MEASURES

### 6.1 Personal precautions, protective equipment and emergency procedures

Refer to section 8 of SDS for personal protection information.

### 6.2 Environmental precautions

Do not flush and dispose of the product according to local and national regulations.

### 6.3 Methods and materials for containment and cleaning up

Absorb any impregnating liquid onto a suitable inert material and collect mechanically with spilled product for subsequent disposal.

## 6.4 Reference to other sections

For recommended personal protective equipment see Section 8. For disposal considerations see Section 13.

## 7. HANDLING AND STORAGE

### 7.1 Precautions for safe handling

No special requirements

### 7.2 Conditions for safe storage, including any incompatibilities

Store in a cool, well ventilated area.

### 7.3 Specific end use

Identified in Section 1.2

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1 Control Parameters

|          |      |
|----------|------|
| EU limit | None |
| UK limit | None |

### 8.2 Exposure Controls

#### 8.2.1 Engineering Controls:

None required

#### 8.2.2 Personal Protective Equipment:

None required

#### 8.2.3 Environmental Exposure Controls:

No information available.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Information on basic physical and chemical properties

|   |  |
|---|--|
| Appearance                                | Nonwoven fabric impregnated with colourless liquid |
| Odour                                     | Very slight unperfumed odour                       |
| Odour Threshold (ppm)                     | Not available                                      |
| pH (Value)                                | Cica 4.9 to 5.1                                    |
| Melting/freezing Point (°C)               | ca 0°C   |
| Initial boiling point/boiling range (°C): | ca 100°C   |
| Flash Point (°C)                          | >100°C   |
| Evaporation Rate                          | Not available                                      |
| Flammability (solid, gas)                 | Not expected for water based product               |
| Flammability or explosive limits          | Not expected for water based product               |
| Vapour pressure                           | Not available                                      |
| Relative density                          | Not available                                      |
| Solubility                                | n/a  |

|                              |                                      |
|------------------------------|--------------------------------------|
| Partition coef               | Not available                        |
| Auto-ignition temperature    | Not available                        |
| Decomposition temperature    | Not available                        |
| Viscosity                    | Not available                        |
| Explosive properties         | Not expected for water based product |
| Oxidising properties         | Not expected for water based product |
| <b>9.2 Other information</b> | Not available                        |

## 10. STABILITY AND REACTIVITY

|  |  |
|--|--|
| <b>10.1 Reactivity</b>                         | No information available                                 |
| <b>10.2 Chemical stability</b>                 | Stable under recommended storage and handling conditions |
| <b>10.3 Possibility of hazardous reactions</b> | None under recommended storage and handling conditions   |
| <b>10.4 Conditions to avoid</b>                | Excessive heat   |
| <b>10.5 Incompatible materials</b>             | Acids, Alkalis and oxidising agents                      |
| <b>10.6 Hazardous decomposition product(s)</b> | None known   |

## 11. TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

|                           |  |
|---------------------------|--|
| Acute toxicity            | Not classified as harmful by ingestion, skin contact or inhalation |
| Irritancy                 | May cause mild eye irritation.                                     |
| Corrosivity               | No information available   |
| Sensitisation             | No ingredient has been identified as having sensitising properties |
| Repeated dose toxicity    | Repeated skin exposure may cause contact dermatitis                |
| Carcinogenicity           | No information available   |
| Mutagenicity              | No information available   |
| Toxicity for reproduction | No information available   |

## 12. ECOLOGICAL INFORMATION

|  |  |
|--|--|
| <b>12.1 Toxicity</b>                           | Not applicable   |
| <b>12.2 Persistence and Degradability</b>      | No information to substantiate biodegradability                                |
| <b>12.3 Bioaccumulation</b>                    | No information available   |
| <b>12.4 Mobility Soil</b>                      | No information available but impregnated liquid not readily absorbed into soil |
| <b>12.5 Results of PBT and vPVP assessment</b> | No information available   |
| <b>12.6 Other adverse effects</b>              | No information available.  |

## 13. DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

Do not flush. Do not dispose of via drains. Disposal must be in accordance with current national and local regulations. Small quantities can be disposed of in normal household waste. For large quantities contact the local authorities or approved waste disposal companies who will advise you on how to dispose.

General EU requirements are given in the Waste Framework Directive (75/442/EEC) and the Hazardous Waste Directive (91/689/EEC).

The wipes are not flushable or maceratable.

## 14. TRANSPORT INFORMATION

Not classified for transport.

## 15. REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for the mixture

Manufactured and labelled in accordance with the Cosmetic Products (Safety) Directive 76/768/EEC and Regulation (EC) No 1223/2009 of the European Parliament and of the Council of 30 November 2009 on cosmetic products.

The product is a cosmetic and is not classified as a dangerous product in accordance with Directive 199/45/EEC of the European Parliament and of the Council of 31 May 1999 concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labelling of dangerous preparations.

### 15.2 Chemical Safety Assessment

Not available.

## 16. OTHER INFORMATION

The mixture is self-classified on the basis of available information on the ingredients.

This SDS is prepared in accordance with Commission Regulation (EU) No 453/2010. Information contained in this publication or as otherwise supplied to Users is believed to be accurate and is given in good faith, but it is for the Users to satisfy themselves of the suitability of the product for their own particular purpose. Synergy Health (UK) Ltd gives no warranty as to the fitness of the product for any particular purpose and any implied warranty or condition (statutory or otherwise) is excluded except to the extent that exclusion is prevented by law. Synergy Health (UK) Ltd accepts no liability for loss or damage (other than that arising from death or personal injury caused by defective product, if proved), resulting from reliance on this information.
